QUESTION OF PERSONAL PRIVILEGE.

Senator Wright arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: I voted "No" on the Assembly bill which has for its purpose the legislating of Alden Anderson out of the position of Bank Commissioner, because, in my opinion, the measure does not tend to promote or benefit the public service. I do not approve of "eleventh hour appointments for political purposes," as that phrase is used in the recent message to the Senate from Governor Johnson, and thus far I am in full accord with the sentiment expressed by the Governor.

I have no desire to embarrass or in any way interfere with the present administration. I admire the independence of Governor Johnson, and hold him in such high esteem that I can not bring myself to believe that he will regard any Senator as opposed to his administration, or as opposed to his policies, or as an enemy of good government because he, forsooth, has the courage to voice his own sentiments or vote as his conscience dictates on any measure pending before this Senate.

I believe in political independence, and I dare to be independent, whether voting as a private citizen in the city of San Diego, or as the representative of my constituency in the State Senate. I know of my own personal knowledge, from statements made to me by members of this Senate, that a large number of Senators would vote "No" with me upon this bill if they did not fear to do so.

There should be no other consideration in the minds of Senators in determining how they shall vote upon any public question than its effect upon the public service, or upon the general welfare of the people. I know that the banking interests of this State are perfectly satisfied with the administration of the banking laws of this State by Mr. Anderson, and that his dismissal from the service will not in any way contribute to the betterment of the public service. I desire to vote for, and will vote in the support of, such administrative measures as I can in good conscience support, but I reserve the right, whether the measures be administrative, or from whatever source they come, if they do not commend themselves to my judgment, to speak and vote against them. I challenge the right of any man or any class of men to influence any Senator upon this floor by any instrumentality except an appeal to the reason or sense of justice and the zeal of the Senator for the general good of the people of this State. As I am convinced that this measure will not promote in any way the public service, I believed it my duty, though it may be a painful one, to cast my vote against it, and for that reason I have done so.

QUESTION OF PERSONAL PRIVILEGE.

Senator Stetson arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: Upon my desk this morning, I observed on the outside sheet of a newspaper a picture labeled with my name and described with the following legend: "Senator Stetson, who feels slighted by Assembly's action." The action referred to is the act of the Assembly in passing Assembly Bill No. 463, companion bill to Senate Bill No. 333, in advance of Senate action on the latter. It would be painful to me to think that any of my colleagues believed there were true grounds for the statement in the paper. In these days of an untrammelled press, it is often difficult for a man to be effectively jealous for his reputation for honesty or discretion, but I am concerned that I should be charged with so petty a spirit in relation to a matter so fraught with importance to the people of this State. I take this occasion to say that the question of the passage of the bill is of tremendous importance, as I view it; the question of who gets it passed is of a most trifling importance. I therefore wish to say that the action of Mr. Bohnett in presenting the bill for final passage was upon my suggestion, and with my full understanding and approval, though I can not say it would have been any impropriety on his part, or any occasion for chagrin or annoyance on my own, had the case been otherwise.

MINORITY REPORT.

During second reading of Senate Bill No. 190, the following minority report was offered by the Committee on Judiciary:

MR. PRESIDENT: We, the undersigned members of the Judiciary Committee, and constituting a minority of said committee, do hereby recommend that Senate Bill No. 190, to repeal an Act of the Legislature of the State of California, entitled "An Act to authorize the incorporation of rural cemetery associations," approved April 18, 1859, do not pass for the following reasons:

First—The avowed purpose of the repeal sought by this Act is to assist the city and county of San Francisco in opening streets through Laurel Hill Cemetery, in that city. It has been shown by statements made before the Judiciary Committee that this cemetery contains the remains of over forty thousand bodies, and that over two millions of dollars has been expended by the owners of burial lots in the erection of monuments and other improvements. The Act sought to be repealed contains a provision that no streets or roads shall be opened through the property of cemeteries incorporated thereunder, except by permission of the trustees or of the Legislature.

The purchasers of these burial lots have relied for more than fifty years upon the guarantees of the law now sought to be repealed. In the judgment of the undersigned members of the committee, cemetery property is entitled to greater protection than other classes of property, by reason of the sacredness of the purpose to which the property is dedicated. We do not believe that any necessity has been shown for destroying the integrity of the cemetery against which this action is directed, by opening streets through the same.

Second—A large number of cemeteries throughout the State are incorporated under the provisions of the Act now sought to be repealed. These corporations hold property of great value under the provisions of this Act. Even if necessity for opening streets through one particular cemetery did exist, it is not fair to all the other cemeteries in the State to thus arbitrarily repeal the law under which they are now conducting their business.

Third—The purchasers of burial lots under the provisions of the Act sought to be repealed have acquired their property under the guarantees of the Act. The repeal of the Act at this time would not, in the judgment of the undersigned, destroy these vested rights. The right of the city of San Francisco to open streets through the cemeteries in that city, as desired, will be neither greater nor less by reason of the repeal of this Act. Such repeal is therefore unnecessary.

Each signer must be a qualified voter, resident of the city, and signing a certificate have his name signed to any other certificate for any office candidate for the same office, nor, in case there are several offices to be filled by the same office, signed to more certificates for candidates for that office than there are places to be filled in such office. In case an elector has signed two or more conflicting certificates, all such certificates shall be rejected. Each signer must affix his certificate and make oath that the same is true before a notary public or a verification deputy, as provided for in this section. Each certificate shall further contain the name and address of the person to whom the petition is to be referred in case petition is found insufficient.

(16) Verification deputies, under this section, must be qualified electors of the city and shall be appointed by the city clerk upon application by petition signed by not less than five qualified electors of the city. The application shall set forth that the signers thereof desire to procure the necessary signatures of electors for the nomination of candidates for municipal office at an election therefor specified, and that the applicants desire the person or persons whose names and addresses are given, appointed as verification deputies, who shall upon appointment be sworn in and empowered to take the oath of verification of the signers of petitions of nomination. Such verification deputies need not use a seal, and shall not have power to take oaths for any other purpose whatsoever, and their appointments shall continue only until all petitions of nomination, under this section shall have been filed by the city clerk.

The petition may then be amended and again presented to the clerk as in the first instance. The clerk shall forthwith proceed to examine the petition as heretofore provided. If necessary, the council shall provide extra help to enable the clerk to perform satisfactorily and promptly the duties imposed by this section.

He shall then be at liberty to sign a petition for another candidate for the same office.

(10) Any person whose name has been presented under this section as a candidate may, not later than twenty-five days before the day of election, cause his name to be withdrawn from nomination by filing with the city clerk a request therefor in writing, and no name so withdrawn shall be printed upon the ballot. If upon such withdrawal the number of candidates remaining does not exceed the number to be elected, then other nominations may be made by filing petitions therefor not later than twenty days prior to such election.

(11) If either the original or the amended petition of nomination be found sufficiently signed as hereinbefore provided, the clerk shall file the same ten days before the date of the election. When a petition of nomination shall have been filed by the clerk it shall not be withdrawn nor added to and no signature shall be revoked thereafter.

(12) The city clerk shall preserve in his office for a period of two years all petitions of nomination and all certificates belonging thereto filed under this section.

BE IT KNOWN, That in pursuance of said provisions of the constitution and within a period of ninety days, after said election, said board of freeholders has prepared and does propose the foregoing as and for the charter of the city of San Luis Obispo, and that in submitting and proposing such charter, the board of freeholders, pursuant to said provision of the constitution, also presents therewith for the choice of the voters, and to be voted on separately, without prejudice to the other provisions contained in the charter, an alternative proposition hereinafter stated.

Said alternative proposition shall, if approved by the voters, take the place of Section 67 of Article XI of the proposed charter, which reads as follows: "A municipal election shall be held in the city on the first Monday in May in the year 1911, and on the first Monday in April in 1913, and on the first Monday in April in every second year thereafter, and shall be known as the general municipal election. All other municipal elections that may be held by authority of this charter or of general law shall be known as special municipal elections"; and also of Subdivision 21 of Section 68 of Article XI of the proposed charter, which reads as follows: "The candidates equal in number to the persons to be elected who shall receive the highest number of votes at such election shall be declared elected to the office for which they are candidates."

Said alternative proposition shall be submitted to the voters for their approval or rejection at the same election at which the charter shall be submitted, and upon the ballots shall be printed, "Shall the alternative proposition, providing for second elections, take the place of Section 67 of Article XI and Subdivision 21 of Section 68 of Article XI."

Motion carried.

SENATE JOINT RESOLUTION NO. 18.

Relative to the rights of San Francisco and the cities surrounding San Francisco Bay in and to the use of the waters of Tuolumne River for domestic and municipal purposes.

WHEREAS, The cities surrounding and adjacent to the bay of San Francisco began as early as the year 1871 to plan for and seek out an adequate and permanent source of supply of pure mountain water for their municipal and domestic needs; and

WHEREAS, After careful investigation and as a result of almost continuous effort from the year 1871 until the present time, these municipalities, by their own action and by that of the city of San Francisco as representative of all, have selected and secured the Hetch Hetchy and Lake Eleanor reservoir sites as the most adequate and feasible sources of supply; and

WHEREAS, These reservoirs are capable of storing pure mountain water, from the uninhabited and barren granite water sheds of the high Sierras, in quantities sufficient for the present and future needs of these large and rapidly growing cities; and

WHEREAS, The Honorable Secretary of the Interior, being by the Honorable Attorney General of the United States first regularly advised that such action on the part would be legal and valid, granted to the city of San Francisco for itself and as representative of said municipalities full reservoir rights at Hetch Hetchy and at Lake Eleanor, and by reason of and based upon this grant San Francisco has purchased at a cost of over \$565,000 all private lands and water rights in these reservoirs, and owns under patent more than one half the area of each reservoir, and is about completing incidental purchases of additional privately held rights and lands for \$636,000; and

WHEREAS, The Hetch Hetchy and Lake Eleanor sources of supply were approved and a bond issue of \$45,000,000.00 for their development authorized by the city of San Francisco by a vote of more than twenty to one; and

WHEREAS, Certain well meaning people, misled by great private interests which would be adversely affected by municipal ownership of such water sources, have actively attacked the grant of the Hetch Hetchy reservoir site; and

WHEREAS, The present Secretary of the Interior, under pressure of these persons, has threatened to attempt to revoke the grant of the Hetch Hetchy site; and

WHEREAS, Such official action is tending to encourage and embolden more strongly the forces of private and corporate greed in their opposition to the development by the municipalities of this necessity of municipal existence, and will, if adopted, increase the burden of taxation which must fall upon the citizens of these municipalities by the enforced purchase of rights to water supplies already granted to these private corporations; and

WHEREAS, This action seriously impairs the market value of the said municipal bonds and discourages the purchase thereof, thereby impairing the credit and standing of said municipality; now, therefore, be it

Resolved by the Senate and the Assembly, jointly. That it is the sense of the Legislature of this State that the rights of the said city and county of San Francisco and the incidental rights of neighboring cities in and to the use of said waters and reservoir sites should be protected and confirmed, and that the said city and county should be permitted to develop its proposed water supply with the cooperation and support of the Federal authorities; and be it further

Resolved, That the President of the United States is hereby petitioned to withdraw all opposition by the executive departments to the full enjoyment of such rights, and to permit the development of said water supply under the terms of the grant of the Secretary of the Interior dated May 11, 1908; and be it further

Resolved, That the Secretary of the Senate be, and he hereby is, instructed to forward a copy of this resolution to the President of the United States.

MR. PRESIDENT: I am directed to inform your honorable body that the Assembly on this day adopted Assembly Joint Resolution No. 13—Relative to pending legislation in Congress affecting the title to oil lands in the State of California.

L. B. MALLORY, Chief Clerk of the Assembly.
By THOS. G. WALKER, Assistant Clerk.

SUSPENSION OF RULES.

Senator Wright moved that the rules be suspended and that Assembly Joint Resolution No. 13 be read and placed on file without reference to committee.

Motion carried.

ASSEMBLY JOINT RESOLUTION NO. 13.

WHEREAS, By reason of uncertainties in the law relating to the location of oil claims and title thereto under the placer mining law, caused by the decision of the Interior Department of the United States, reversing a long line of precedents, including decisions of the Supreme Courts of this and other states, and the ruling of the department itself, locators of mineral oil lands have been justly expecting Congress at this session to pass some legislation for the benefit of oil locators who have gone on in good faith, and made locations, and done work, and spent money in compliance with the provisions of the law as interpreted by the courts and the department for many years before such reversal; and

WHEREAS, Without such legislation at this session of Congress the work of development of oil lands will be curtailed to lowest possible expenditure, which means that thousands of workmen will be thrown out of employment, the production

of oil greatly lessened, and the price of oil materially enhanced, all of which would be detrimental to labor and the industries of this State; now, therefore:

Resolved, That we request our Senators and Representatives in Washington to urge upon Congress the importance and grave necessity for immediate relief legislation at this session of Congress, to the end that the interests at stake may be protected and the progress of oil development be not retarded, and further:

Resolved, That a copy of this resolution be transmitted by messenger to each of the Senators and Representatives in Congress from this State.

MOTION.

The hour having arrived for the consideration of the special order heretofore set for this day, being the consideration of Assembly Joint Resolution No. 13, the same was taken up for consideration.

ASSEMBLY JOINT RESOLUTION NO. 13.

WHEREAS, By reason of uncertainties in the law relating to the location of oil claims and title thereto under the placer mining law, caused by the decision of the Interior Department of the United States, reversing a long line of precedents, including decisions of the Supreme Courts of this and other states, and the ruling of the department itself, locators of mineral oil lands have been justly expecting Congress

at this session to pass some legislation for the benefit of oil locators who have gone on in good faith and made locations, and done work, and spent money in compliance with the provisions of the law as interpreted by the courts and the department for many years before such reversal, and

WHEREAS, Without such legislation at this session of Congress the work of development of oil lands will be curtailed to lowest possible expenditure, which means that thousands of workmen will be thrown out of employment, the production of oil greatly lessened, and the price of oil materially enhanced, so that there would be detrimental to labor and the industries of this State, and therefore,

Resolved, That we request our Senators and Representatives in Washington to urge upon Congress the importance and grave necessity for immediate action legislation at this session of Congress, to the end that the interests of oil lands be protected and the progress of oil development be not retarded, and therefore,

Resolved, That a copy of this resolution be transmitted by telegram, to each of the Senators and Representatives in Congress from this State.

QUESTION OF PERSONAL PRIVILEGE.

Senator Caminetti arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: While in favor of the principles underlying Senate Constitutional Amendment No. 22, I believe that the power to put into motion the authority reserved to the people therein should not be placed in the power entirely of large, populous cities or counties containing in their respective confines population sufficient to secure the required percentage of signers to petitions that may be filed under its provisions. The fathers jealously guarded against centralization of power of the people as well as of the State, in providing against the possibility of populous states controlling the elections for President and the deliberations of the Senate of the United States. When it is remembered that this authority extends to amendments to our Constitution, as well as to our laws, and that in reference to the latter the veto power is inhibited, we should pause before giving large cities and counties this extensive power. It is no answer that in the present state of public opinion there is no danger to the general welfare. We should provide, in all proposals to amend the Constitution and the laws, for all contingencies and guard the probabilities that sometimes may become possibilities, and thus cause detriment to the people.

We follow the rule set forth in my amendments in nominating petitions for Governor and other State officers, and in like manner, but with reduced percentages for other State officers—the reason for the rule in these cases being the same that supports my contention, viz: to prevent large communities controlling and dictating such nominations.

While I would have preferred to see my amendments adopted as a matter of precaution, I could not record my vote against principles for the adoption of which I have labored for years.

This contention applies with greater force to the companion measure providing for the recall—particularly in its application to the judiciary.

QUESTION OF PERSONAL PRIVILEGE.

Senator Thompson arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: Senate Bills Nos. 708, 709, 710, 711, and 712 constitute a series of bills which were drawn by the Attorney General and approved by the Surveyor General of this State. They are introduced for the purpose of assisting in carrying out the plan initiated in 1909 under a series of bills then passed, for the purpose of facilitating a settlement between the State and the United States with respect to the certification and patenting of state school lands, and to enable the authorities of the State Land Office to terminate the confusion existing for many years regarding applications to purchase. There are in the office of the Surveyor General applications which have been filed there eighteen or twenty years ago.

Members of this body have to-day received through the mail a scurrilous and defamatory pamphlet utterly misrepresenting the purpose of these bills, and attacking the motives of those who advocate their passage.

The gentlemen who have prepared these measures court every investigation. I myself prefer that a hearing should be had. If any member of this body desires that the whole question as to the necessity for or effect of these bills should be investigated, or wishes any other information upon the subject, I stand ready to make a motion to re-refer them all to the Judiciary Committee for the purpose of fixing a public hearing. If there be no objection to the passage of these measures, or no request for such hearing and investigation, then I ask that these bills be now read and placed upon their passage.

PRESIDENT PRO TEM. BOYNTON IN THE CHAIR.

At four o'clock P. M., Hon. A. E. Boynton, President pro tem. of the Senate, in the chair.

QUESTION OF PERSONAL PRIVILEGE.

Senator Sanford arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: In making the motion this morning to force the Committee on Federal Relations to report Senate Joint Resolution No. 12 to this House immediately, I meant no reflection on the committee. I did not think it necessary to appear before the committee as I previously requested a report, and asked the chairman to report it out without waiting for me to appear before the committee. The committee said that it was their rule not to report a measure out of committee unless the author appeared to explain the bill. I desired to call the attention of the Senate to the fact that on February 3d I introduced Senate Joint Resolution No. 15, and that on February 9th the Committee on Federal Relations reported this resolution out with a favorable report, and I never appeared before the committee in behalf of it. All this goes to show the subterfuge behind which the committee was hiding, and also proves the correctness of my position. It was "politics" purely, and the "big stick" that has prevented a report on the measure.

ON FEDERAL RELATIONS.

SENATE CHAMBER, SACRAMENTO, February 13, 1911.

MR. PRESIDENT: Your Committee on Federal Relations, to whom was referred Senator Sanford's Senate resolution relating to United States Senator, have had the same under consideration, and respectfully report that the same while purporting to be a Senate resolution, is in fact and substance a concurrent resolution and deals with subject-matter over which the Senate acting separately and apart from the Assembly, has absolutely no jurisdiction. Your committee further reports that in its opinion the serious consideration of this resolution, which was evidently conceived in a spirit of levity, introduced as a joke, and its adoption urged upon the ground that a little nonsense now and then is relished by the best of men, would subject the Senate to humiliation, ridicule, and just criticism. In view of these considerations your committee reports the resolution back with the recommendation that the resolution be returned to the author without being printed in the Journal, and that the Senate refuse the resolution any further consideration.

SENATE JOINT RESOLUTION NO. 11

Relative to the continuation by the United States of surveys for the construction of storage reservoirs for the impounding of flood waters in the Sierra Nevada Mountains in the State of California, and asking that an appropriation be made for carrying out such surveys as may be necessary.

WHEREAS, The United States Government has for several years past been securing data through the Geological Survey and the Department of Survey concerning the watersheds of the west slope of the Sierra Nevada Mountains and the construction of storage reservoirs for the conservation of flood waters in the winter and spring; and

WHEREAS, The Sacramento Valley, of which these watersheds form the eastern rim, constitutes a large body of the most fertile land to be found in any country, rivaling the far famed valley of the Nile in productivity and capacity of supporting a population of several millions when properly reclaimed and settled; and

WHEREAS, In times of heavy rainfall and melting the snows of winter coming down into the valley as a deluging flood, the high lands adjacent to the Sacramento River, thousands of acres of which are flooded in years of heavy rainfall; and

WHEREAS, In the report of the reclamation service for the year 1907 the statement is made that if storage reservoirs were constructed at the sites surveyed, it would greatly simplify the drainage problems of the Sacramento River and the lower Sacramento Valley by reducing the flood flow in the river; and

WHEREAS, The flood waters so impounded would benefit the greatest value to the Sacramento Valley and the State of California by being used for irrigation instead of being allowed to flow to the coast, effecting considerable damage to the valley, 800,000 acres of the lowlands of which having been flooded in 1904; therefore, be it

Resolved by the Senate and the Assembly, jointly, That the Legislature of the State of California recommends the Congress of the United States for the continuation of said work of surveying and constructing such storage reservoirs in the watersheds of the western slope of said Sierra Nevada Mountains on the tributaries of the Feather, Yuba and American rivers and other tributaries of the Sacramento River, carrying out all measures necessary for such work and making an appropriation of sufficient sums to be paid, if it is deemed possible, by it further

Resolved, That the Secretary of the Interior be requested to take the necessary measures for hastening the survey and construction of such reservoirs, in order to impound such flood waters and enable the problem of improvement and restraint of the Sacramento River to be the more speedily solved, and be it further

Resolved, That our Senators and Representatives in Congress be requested to use all honorable means to secure the money desired in this matter for the purpose aforesaid; and be it further

Resolved, That a copy of these resolutions be forwarded to the President of the United States, the Secretary of the Interior, the Secretary of Agriculture, the respective Houses in Congress and to each of our Senators and Representatives in Congress, including those to assume office on March 4, 1911.

CONSIDERATION OF SENATE CONSTITUTIONAL AMENDMENT—(OUT OF ORDER).

Senator Hewitt asked for, and was granted, unanimous consent to take up Senate Constitutional Amendment No. 5 for consideration out of order, for the purpose of adopting committee substitute.

COMMITTEE SUBSTITUTE FOR SENATE CONSTITUTIONAL AMENDMENT No. 5.

A resolution proposing to the people of the State of California an amendment to the Constitution of the State of California, by adding a new section to Article XI thereof to be known and designated as section seven and one-half of said Article XI of the Constitution of the State of California, relating to charters of counties and amendments to such charters, and to the surrender thereof.

The Legislature of the State of California, at its thirty-ninth regular session, commencing on the second day of January, 1911, two thirds of all the members elected to each of the two houses of said Legislature voting therefor, hereby proposes that a new section be added to Article XI of the Constitution of the State of California, to be known and designated as section seven and one-half of Article XI of the Constitution of the State of California, and to read as follows:

Section 7½. Any county may frame a charter for its own government relating to the matters hereinafter specified in this section, and none other, consistent with and subject to the Constitution (or, having framed such a charter, may frame a new one,) by causing a board of fifteen freeholders, who have been for at least five years qualified electors thereof, to be elected by the qualified electors of said county, at any general, or special election, as hereinafter provided:

A petition, signed by fifteen per centum of the qualified electors of said county,

computed upon the total number of votes cast therein for all candidates for Governor at the last preceding general election, at which a Governor was elected, praying for the election of a board of fifteen freeholders, to prepare and propose a charter for said county, may be filed in the office of the county clerk. It shall be the duty of said county clerk, within twenty days after the filing of said petition, to examine the same and to ascertain from the record of the registration of voters of the county, whether said petition is signed by the requisite number of qualified voters. If required by said clerk, the board of supervisors shall authorize him to employ persons specially to assist him in the work of examining said petition, and shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result thereof, and if by said certificate it shall appear that said petition is signed by the requisite number of qualified electors, said clerk shall present the same to the board of supervisors at its next regular meeting after the date of such certificate. Thereupon, said board of supervisors shall forthwith order the holding of a special election for the purpose of electing such board of freeholders, which said special election shall be held not less than twenty days nor more than sixty days from the presentation of said petition to said board of supervisors, and that if a general election shall occur in said county not less than twenty days nor more than sixty days from such presentation of said petition to said board of supervisors, said board of freeholders may be elected at such general election. Candidates for members of said board of freeholders shall be nominated by petition in the same manner as may be provided by law for the nomination, by petition of electors, of candidates for county offices, to be voted for at general elections.

It shall be the duty of said board of freeholders, within one hundred and twenty days after the result of such election shall have been declared by said board of supervisors, to prepare and propose a charter for said county, which shall be signed in duplicate by the members of said board of freeholders, or a majority of them, and be filed—one copy in the office of the county clerk of said county and the other in the office of the county recorder thereof. Said board of supervisors shall thereupon cause said proposed charter to be published for at least ten times in two daily newspapers of general circulation, printed, published and circulated in said county, and the first publication of such proposed charter shall be made within fifteen days after the filing of a copy thereof, as aforesaid, in the office of the county clerk, *provided*, that in any county containing a population of not more than ten thousand inhabitants, as established and ascertained by the last preceding census taken under the direction of the Congress of the United States, such proposed charter shall be so published in one such daily newspaper, or by three insertions in at least one weekly newspaper of general circulation, so printed, published and circulated; *and provided further*, that if no newspaper be printed and published in any county framing a charter under this section, a copy of such proposed charter shall be posted by the county clerk in three public places in said county and on or near the entrance to at least one public school house in each school district in said county. Said proposed charter shall be submitted by said board of supervisors to the qualified electors of said county at a special election held not less than thirty days nor more than sixty days after the completion of such publication, or after such posting, *provided*, that if a general election shall occur in said county not less than thirty days nor more than sixty days after the completion of such publication, or after such posting, then said proposed charter may be so submitted at such general election. If a majority of said qualified electors voting thereon at such general or special election shall vote in favor of said proposed charter, it shall be submitted to the Legislature at its next regular session, or it may be submitted to the Legislature at its next extraordinary session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by a majority vote of the members elected to each house such charter shall become the charter of such county and shall become the organic law thereof relative to the matters therein provided, and supersede any existing charter framed under the provisions of this section, and all amendments thereof, and shall supersede all laws inconsistent with such charter relative to the matters provided in such charter. A copy of such charter, certified and authenticated by the chairman and clerk of the board of supervisors under the seal of said board and attested by the county clerk of said county, setting forth the submission of such charter to the electors of said county, and its ratification by them shall, after the approval of such charter by the Legislature, be made in duplicate, and filed, one in the office of the Secretary of State and the other, after being recorded in said recorder's office of said county, shall be filed in the office of the county clerk thereof, and thereafter all courts shall take judicial notice of said charter.

The charter, so ratified, may be amended by proposals therefor submitted by the board of supervisors of the county to the qualified electors thereof at a general or special election held not less than thirty days nor more than fifty days after the publication of such proposals for ten times in a daily newspaper of general circulation, printed, published and circulated in said county, or after the publication thereof by three insertions in at least one weekly newspaper of general circulation, printed, published and circulated in said county, if there be no such daily newspaper, or after the posting thereof by the county clerk thereof, in three public places in said county,

and on or near the entrance to at least one public school house in each school district in said county if no newspaper be printed and published therein. If a majority of such qualified electors voting thereon, at such general or special election, shall vote in favor of any such proposed amendment or amendments, or any amendment or amendments proposed by petition as hereinafter provided, such amendment or amendments shall be deemed to be ratified, and shall be submitted to the Legislature at its next regular session, or may be submitted to the Legislature at its next extraordinary session, for approval or rejection as a whole, without power of alteration or amendment, and if approved by the Legislature as herein provided for the approval of the charter, such charter shall be amended accordingly. A copy of such amendment or amendments shall, after the approval thereof by the Legislature, be made in duplicate, and shall be authenticated, certified, recorded and filed as herein provided for the charter, and with like force and effect. Whenever a petition signed by ten per centum of the qualified electors of any county, computed upon the total number of votes cast in said county, for all candidates for Governor at the last general election at which a Governor was elected, is filed in the office of the county clerk of said county, petitioning the board of supervisors thereof to submit any proposed amendments to the charter of such county, which amendment or amendments shall be set forth in full in such petition, to the qualified electors thereof, such petition shall forthwith be examined and certified, and if signed by the requisite number of qualified electors of said county, it shall be presented to the said board of supervisors, by the said county clerk, as hereinbefore provided for petitions for the election of boards of freeholders. Upon the presentation of said petition to said board of supervisors, said board must submit the amendment or amendments set forth in said petition to the qualified electors of said county at a general or special election held not less than thirty days nor more than sixty days after the publication or posting of such proposed amendment or amendments in the same manner as hereinbefore provided in the case of the submission of any proposed amendment or amendments to such charter, proposed and submitted by the board of supervisors. In submitting any such charter, or amendments thereto, any alternative article or proposition may be presented for the choice of the electors, and may be voted on separately without prejudice to others.

Whenever the Legislature shall be convened by the Governor in extraordinary session, after the ratification of any such charter, or amendment or amendments thereto, by the electors of said county, and prior to the next regular session thereof, such charter, or amendment or amendments thereto, may be submitted to the Legislature for approval or rejection, as hereinbefore provided.

Every special election held under the provisions of this section, for the election of boards of freeholders, or for the submission of proposed charters or any amendment or amendments thereto, shall be called by the board of supervisors, by ordinance, which shall specify the purpose and time of such election, and shall establish the election precincts and designate the polling places therein, and the names of the election officers for each such precinct. Such ordinance, prior to such election, shall be published five times in a daily newspaper, or by two insertions in a weekly newspaper, if there be no such daily newspaper printed, published and circulated in said county; *provided*, that if no such daily or weekly newspaper be printed or published in such county, then a copy of such ordinance shall be posted in three public places in such county, and in or near the entrance to at least one public school house in each school district therein. In all other respects every such election shall be held and conducted, the returns thereof canvassed and the results thereof declared by the board of supervisors calling the same, in the manner as provided by law for general elections. Whenever boards of freeholders shall be elected, or any such proposed charter, or amendment or amendments thereto, submitted, at a general election, the general laws applicable to the election of county officers and the submission of propositions to the vote of electors, shall be applicable thereto.

It shall be competent, in all charters framed under the authority given by this section to provide, and the same shall provide for the following matters, and none other:

1. For boards of supervisors and for the constitution, regulation and government thereof, for the times at which and the terms for which the members of said boards shall be elected, for the number of members, not less than three, that shall constitute such boards, for their compensation and for their election, either by the electors of the counties at large or by districts; *provided*, that when selected at large, said boards shall consist of one member for each district, who must be a qualified elector thereof; and

2. For the election of district attorneys, auditors, assessors and superintendents of schools, and for the manner in which, the times at which, and for the terms for which said officers shall be elected, and for their compensation or for the fixing of such compensation by boards of supervisors; *provided*, that whenever it is provided by the constitution that superintendents of schools shall be appointed, such charters may provide for the manner in which, the times at which, and the terms for which such superintendents of schools shall be appointed; and

3. For the election or appointment of sheriffs, county clerks, treasurers, recorders, license collectors, tax collectors, public administrators, coroners and surveyors, and

for the manner in which, the times at which and for the terms for which said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors; and

4. For the number of justices of the peace and constables for each township, the times at which, and the terms for which such justices of the peace and constables shall be elected, and for their compensation, or for the fixing of such compensation by boards of supervisors; and

5. For the powers and duties of boards of supervisors and all other county officers, subject to the Constitution and laws of the State, and for the consolidation and segregation of county officers, and for the filling of all vacancies occurring therein; and

6. For the creation of officers other than those required by the Constitution and laws of the State, or for the creation of any or all of such officers by boards of supervisors, for the election or appointment of the incumbents of such offices, for the manner in which, the times at which and the terms for which such incumbents shall be so elected or appointed, and for their compensation or for the fixing of such compensation by boards of supervisors; and

7. For authorizing and empowering boards of supervisors, by ordinance, to fix and regulate the number of assistants, deputies, clerks, attachés and other persons to be employed from time to time in the several offices of the county, and to prescribe the powers, duties and compensation of such persons, the times at which, and the terms for which they shall be appointed, and the manner of their appointment or removal, either under the provisions of general laws establishing civil service regulation, or otherwise; and

8. For the compensation of such fish and game wardens, probation and other officers as may be provided by general laws, or for the fixing of such compensation by boards of supervisors.

All charters framed under the authority given by this section, in addition to the matters specified herein, may provide as follows:

For the construction, care, maintenance, repair, inspection and supervision by counties of roads, highways and bridges, except inter-county bridges, and, subject to such regulations and conditions as may be imposed by the Legislature, for the construction, care, maintenance, repair, inspection and supervision of such roads, highways and bridges for which aid from the State is granted: *provided* that for the care, maintenance and repair only of such roads, highways and bridges, such charters may provide, as an alternative method therefor, for the division of counties, exclusive of incorporated cities and towns, into road districts, and also for the organization, government and jurisdiction thereof, for raising revenue therefor for such purposes by taxation, upon the assent of a majority of the qualified electors of such districts voting at an election to be held for that purpose, and for granting aid by counties to such districts for said purposes; *and provided further*, that for the construction only of roads, highways and bridges, except inter-county bridges, such charters may provide, as an alternative method therefor, for the organization and establishment of highway construction divisions in such counties, inclusive or exclusive of incorporated cities and towns, and for the government and jurisdiction of such highway construction divisions. All such highways and bridges constructed by highway construction divisions shall be maintained by the counties in which such divisions are situated.

Each road district established and organized as provided by any charter framed under the authority given by this section, shall be entitled to have, and there shall be apportioned thereto by the board of supervisors of the county, its proper proportion of moneys annually from the road funds of the county, derived from general or special taxes, and such county shall contribute toward the cost and expense of the care, maintenance and repair of roads, highways and bridges, exclusive of inter-county bridges, by road districts, as shall be determined by boards of supervisors, by ordinance, from time to time.

If any charter framed under the authority given by this section shall provide for the construction, care, maintenance, repair, inspection or supervision of roads, highways or bridges, except inter-county bridges, by the county road districts, or highway construction divisions, as herein provided, it shall also be competent in such charter, to provide for the incurring of bonded indebtedness by such county, road districts, or highway construction divisions, for such purposes, and for the issuance and sale of bonds therefor by such county, districts and divisions, and for the management and disposition of the proceeds of the sale of such bonds; *provided*, that no such indebtedness shall be incurred without the assent of two thirds of the qualified electors of such county, road district, or highway construction division, as the case may be, voting at an election to be held for that purpose, and for the procedure prescribed by general laws for the incurring of bonded indebtedness by counties shall govern the voting, issuance and sale of such bonds, so far as applicable.

Whenever any county has framed and adopted a charter and the same shall have been approved by the Legislature, as provided in this section, the provisions of Section 4 of this article, providing for the establishment of a uniform system of county governments, and the provisions of section five of this article, providing for the election or appointment in the several counties of county officers and for the

regulation of the compensation thereof, shall not apply to such county. All such charters shall supersede all laws inconsistent therewith, except as to the matters herein provided in which they are hereby made subject to and controlled by general laws."

During second reading of the bill, the following amendment was submitted by committee:

Amend Senate Bill No. 13 by striking all out of the printed bill after the comma following the word "steamboat", on line 7, page 1, of printed bill, and insert in lieu thereof the following: "vessel, or stage line in this State; telegraph companies; telephone companies; companies engaged in the transmission or sale of gas or electricity; insurance companies; banks, banking associations, savings and loan societies, and trust companies, and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for state purposes, and shall be assessed and levied by the State Board of Equalization, and collected in the manner hereinafter provided. The word "company" and the word "companies" as used in this Act shall include persons, partnerships, joint stock associations, companies, and corporations.

SEC. 2. All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car and palace car companies, all refrigerator, oil, stock, fruit, and other car-leasing, and other car companies, operating upon the railroads in this State; all companies doing express business on any railroad, steamboat, vessel, or stage line in this State; all telegraph and telephone companies; and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the State a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property, or any part thereof, used exclusively in the operation of their business in this State, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this State. When such companies are operating partly within and partly without this State, the gross receipts within this State shall be deemed to be all receipts on business beginning and ending within this State, and a proportion, based upon the proportion of the mileage within this State to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this State.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit, and other car-leasing, and other car companies, three per cent; on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent; on all telegraph and telephone companies, three and one half per cent; on all companies engaged in the transmission or sale of gas or electricity, four per cent. Such taxes shall be in lieu of all other taxes and licenses, state, county, and municipal, upon the property and business above enumerated of such companies except as otherwise provided in section fourteen of article thirteen of the Constitution of this State, and as provided in section twenty-two of article four of said Constitution.

The word "municipal" as used in this Act shall apply to incorporated towns and cities formed under article eleven of the Constitution of this State and to none other.

SEC. 3. Every insurance company or association doing business in this State shall annually pay to the State a tax of one and one half per cent upon the amount of the gross premiums received upon its business done in this State, less return premiums and reinsurance in companies or associations authorized to do business in this State; *provided*, that there shall be deducted from said one and one half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this State. This tax shall be in lieu of all other taxes and licenses, state, county, and municipal, upon the property and business of such companies, including licenses upon their agents, except county and

municipal taxes on real estate, and except as otherwise provided in the Constitution of this State; *provided*, that when by the laws of any other state or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, are imposed on insurance companies of this State, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind must be imposed by the insurance commissioner upon insurance companies of such other state or country doing business in this State.

Sec. 4. The shares of capital stock of all banks, organized under the laws of this State, or of the United States, or of any other state and located in this State, shall be assessed and taxed to the owners or holders thereof by the State Board of Equalization, in the manner hereinafter provided, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the State, of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, state, county, and municipal, upon such shares of stock and upon the property and business of such bank, except county and municipal taxes on real estate and except as otherwise provided in the Constitution of this State. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of land and real estate, other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the State for this tax and the same shall be paid to the State by them on behalf of the stockholders in the future; and at the time hereinafter provided, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits, and all other property belonging to unincorporated banks or bankers of this State, or held by any bank located in this State which has no shares of capital stock, or employed in this State by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said board of equalization, in the same manner as above provided for incorporated banks, and taxed at the same rate that is levied upon the shares of capital stock of incorporated banks, as provided in the first paragraph of this section. In the case of a branch, an agency, or other representative of any bank doing business outside of this State, the capital of said branch, agency, or representative used in this State shall be taken to be the average amount owed by the said branch, agency, or representative to the bank of which it is a branch, agency, or representative during the year ending the first Monday in March. The value of said property shall be determined by taking the entire property invested in such business, together with all reserve, surplus, and undivided profits, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate, other than mortgage interests therein, owned by such bank or banker and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, state, county, and municipal, upon the property and business of the banks and bankers mentioned in this paragraph, except county and municipal taxes on real estate, and except as otherwise provided in the Constitution of this State. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this section. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this section, the said State Board of Equalization shall include and assess to such banks all property and everything of value owned or held by them which would go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this Act shall include banking associations, unincorporated banks and bankers, branches, agencies or other representatives of any banks doing business outside of the State of California, savings and loan societies, and such trust companies, as conduct the business of receiving money on deposit, but shall not include building and loan associations.

Nothing in this Act shall be construed to relieve any bank in this State from the payment of the charges for examination as provided in Section 123 of an Act entitled "An Act to define and regulate the business of banking", approved March 1st, 1909, or in any Acts amendatory thereof.

Sec. 5. All franchises, other than those of the companies mentioned in sections two, three and four of this Act, shall be assessed at their actual cash value, in the manner hereinafter provided, and shall be taxed at the rate of one per centum each year, and the taxes collected thereon shall be exclusively for the benefit of the State. These franchises shall include the right to be a corporation and to do

business as a corporation under the laws of this State and the right to do business as a corporation in this State when such right is exercised by a corporation incorporated under the laws of any other state or country, also the right, authority, privilege, or permission to maintain wharves, ferries, toll roads, and toll bridges, and to construct, maintain or operate, in, under, above, upon, through or along any streets, highways, public places, or waters, any mains, pipes, canals, ditches, tanks, conduits or other means for conducting water, oil, or other substances; and furthermore all rights and privileges conferred by any branch of government, state, county, or municipal, on individuals, firms, associations, or corporations, which do not belong to the citizens of the State generally by common right.

Nothing in this section contained shall be construed to release any corporation, other than those corporations mentioned in sections two, three and four of this Act, from the payment of the annual license tax as provided for by an Act entitled: "An Act relating to revenue and taxation, providing for a license tax upon corporations, and making an appropriation for the purpose of carrying out the objects of this Act" approved March 20, 1905, and the Acts amendatory thereof.

SEC. 6. Nothing in this Act shall be construed to release any company from the payment of any amount agreed to be paid or required by law to be paid, now or hereafter, for any special privilege or franchise granted by any of the municipal authorities of this State.

SEC. 7. The term "gross receipts from operation" as used in section two of this Act is hereby defined to include, for the purpose of fixing the amount of the tax on the property and franchises of the companies enumerated in said section, all sums received from business done within this State, during the year ending the thirty-first day of December next preceding, including the company's proportion of gross receipts from business done by it within this State, in connection with other companies from any and all sources.

In the case of companies engaged in interstate business the amount of gross receipts to be considered as the gross receipts within this State shall include all receipts from business beginning and ending within this State and that proportion of the receipts from the interstate business which the mileage over which such business is done in this State bears to the total mileage over which such business is done.

No deduction shall be allowed from the gross receipts from operation for commissions, rebates, or other repayments, except only such refunds as arise from errors or overcharges; nor shall any deduction be allowed for payments from gross receipts to other companies for any purpose whatsoever, except such refunds as arise from errors or overcharges.

Income derived from property not defined in this Act as operative property shall not be included in the gross receipts for the purpose of determining the tax on the property and franchises provided for in section two of this Act.

It shall also report the location of said property within this State by counties, cities and counties, municipalities, and districts, in such manner and in such detail as said board of equalization shall prescribe. It shall also, at the same time, furnish a duplicate of the report covering so much of said property as is located in any county, city and county, municipality, or district, to the assessor of the county, city and county, city, or district in which such property is located.

The State Board of Equalization may require the filing in its office of maps descriptive of all the operative property of any such companies, and may prescribe the form and size of such maps and the details to be shown therein, and may require that similar maps descriptive of the operative property within each county, city and county, municipality, or district, shall be filed in the assessor's office in each county, city and county, city, or district in which any of said property is located.

SEC. 10. If any assessor finds in the report of the operative property in his county, city and county, municipality, or district, furnished to him by any of the companies as required in section nine of this Act, any piece or parcel of property which he regards as non-operative property, or partially operative and partially non-operative, he shall, within thirty days after receiving such report, notify the State Board of Equalization thereof by mail, which notice shall contain a general description of the property and the assessor's reasons for regarding the same as non-operative property. He shall also mail a copy of the notice to the company whose property is involved. The said board shall investigate the nature of the property and its use, and, if an agreement between the said board, the assessor, and the company as to the proper classification of such property cannot be reached, then the said board shall, under such rules of notice as it may deem reasonable, set a date for a hearing, at which the assessor and the company may be present or represented. At such hearing the board shall, from the evidence presented and from the best information it can obtain, decide the matter in dispute, and determine whether such property is operative or non-operative, or in what proportion operative and in what proportion non-operative. The State Board of Equalization shall ascertain and determine from the foregoing reports or from the best information it can obtain the actual cash value on the first Monday in March of each such franchise, and shall assess and levy the taxes thereon in accordance with the provisions of subdivision (d) of section fourteen of article thirteen of the Constitution of this State.

SEC. 15. Every assessor or auditor shall, in the manner at the time and for the year required by the State Board of Equalization, report to said board upon such forms as may be prescribed by said board the valuation placed by him upon the property of any company subject to an assessment upon its franchise under the provisions of this Act.

SEC. 16. If any company mentioned in section one of this Act shall fail or refuse to furnish to the State Board of Equalization within the time prescribed in this Act the verified report provided for in this Act, the State Board of Equalization must note such failure or refusal in the record of assessments for state taxes hereinafter in this Act provided for, and must make an estimate of the amount of the gross receipts, gross premiums, value of the shares of capital stock, or value of the franchises, of such company and must assess the same at the amount thus estimated, which assessment shall be the assessment upon which the taxes upon the property or franchise of the company for such year shall be levied and collected as provided for in this Act. And if in the succeeding year any such company shall again fail or refuse to furnish the verified report required by this Act, the State Board shall make an estimate of the amount of the gross receipts, gross premiums, value of the shares of capital stock, or value of the franchises of such company, which estimate shall not be less than twice the amount of the estimate made by said board in the previous year, and shall note such failure or refusal as above provided, and the said estimate so made shall be the assessment upon which the taxes upon the property or franchise of the company for such year shall be levied and collected as provided for in this Act. In case of each succeeding consecutive failure or refusal the said board shall follow the same procedure until a true statement shall be furnished.

Any company failing or refusing to make and furnish any report prescribed in this Act or rendering a false or fraudulent report shall be guilty of a misdemeanor and subject to a fine of not less than three hundred dollars and not exceeding five thousand dollars for each such offense.

Any person required to make, render, sign, or verify any report, who makes any false or fraudulent report, with intent to defeat or evade the assessment required by this Act to be made, shall be guilty of a misdemeanor, and shall for each such offense be fined not less than three hundred dollars and not more than five thousand dollars, or be imprisoned not exceeding one year in the county jail of the county where said report was verified, or be subject to both said fine and imprisonment, at the discretion of the court.

SEC. 17. The State Board of Equalization may, for good cause shown, by order entered upon its minutes, extend for not exceeding thirty days, the time fixed in this Act for filing any report herein provided for; *provided further*, that for the year 1911 the said board may extend the period herein mentioned for not exceeding sixty days.

SEC. 18. The State Board of Equalization must meet at the State Capitol on the first Monday in March in each year, and continue in open session from day to day, Sundays and holidays excepted, until the first Monday in July. Between the first Monday in March and the third Monday before the first Monday in July the board must assess and levy the taxes upon the property and business of railroads, including street railways, whether operated in one or more counties, sleeping car, dining car, drawing-room car and palace car companies, refrigerator, oil stock, fruit, and other car-leasing and other car companies operating upon railroads in this State; every company doing express business on any railroad, steamboat, vessel, or stage line in this State; telegraph companies, telephone companies, companies engaged in the transmission or sale of gas or electricity; insurance companies; banks, banking associations, savings and loan societies, and such trust companies as conduct the business of receiving money on deposit; and upon all franchises of every kind and nature; all as provided for in section fourteen of article thirteen of the Constitution of this State. The assessments must be made to the company, person, or association owning or operating the same, or, in the case of banks, banking associations, savings and loan societies and trust companies, to the stockholders therein. If the name of the owner is unknown to the board, the property and business must be assessed to unknown owners. Clerical errors occurring or appearing in the name of any company, person, association, or stockholder whose property is correctly assessed shall not invalidate the assessment. *Provided, however*, that if any bank shall by resolution of its board of directors, request the State Board of Equalization to assess to and in the name of such bank so requesting, the entire taxable value of all the shares of the capital stock of such bank, as determined by said board, instead of assessing such shares to and in the name of the individual stockholders or shareholders owning the same and that such bank will, upon being notified by said board, of such assessment thereof to said bank, and of the amount of taxes to be paid upon such assessment, pay such tax at the times when taxes assessed and levied under this Act are due and payable, and which request to assess said bank and promise to pay said tax shall be in substantially the following form:

The State Board of Equalization is hereby instructed to assess in the name of this bank and not to the individual stockholders or shareholders therein, the taxable

value of all the shares of capital stock in this bank and such bank hereby promises to pay to the State Treasurer the amount of the tax levied upon such assessment when such taxes are due and payable under the laws of this State.

By (here insert title of official signing.)

And said promise shall be binding upon such bank and collection of such taxes from such bank may be enforced in the manner and by the same method as is provided for the collection of other taxes assessed and levied under this Act.

On the third Monday before the first Monday in July the said board shall publish a notice in one daily newspaper of general circulation published at the State capital, in one daily newspaper of general circulation published in the city and county of San Francisco, and in one daily newspaper of general circulation published in the city of Los Angeles, that the assessment of property for state taxes has been completed, and that the record of assessments for state taxes will be delivered to the Controller on the first Monday in July, and that if any company, person, or association is dissatisfied with the assessment made by the board, it may, at any time before the taxes thereon shall become due and payable, apply to the board to have the same corrected in any particular. The board shall have power to correct the record of assessments for state taxes and may increase or decrease any assessment therein if in its judgment the evidence presented or obtained warrants such action.

SEC. 19. The State Board of Equalization must prepare each year a book, in one or more volumes, to be called the "record of assessments for state taxes," in which must be entered, either in writing or printing, or by both writing and printing, each assessment and levy made by said board upon the property and franchises mentioned in section one of this Act, describing the property assessed. The assessment of all railroad, including street railway, companies; all car companies; all express companies; all telegraph and telephone companies; all companies engaged in the transmission or sale of gas or electricity; all banks and bankers; all insurance companies; and all franchises shall be entered, in such separate parts of said record as the board shall prescribe. On the first Monday in July the secretary of the State Board of Equalization must deliver to the Controller of State the record of assessments for state taxes, certified to by the chairman and secretary of the board, which certificate shall be substantially as follows: "We, -----, chairman, and

-----, secretary, of the State Board of Equalization of the State of California do hereby certify that between the first Monday in March and the first Monday in July, 19--, the State Board of Equalization made diligent inquiry and examination to ascertain all property and companies subject to assessment and taxation for state purposes, as required by the Constitution of this State; that said board has faithfully complied with all the duties imposed upon it by the Constitution and laws of the State of California; that said board has not imposed any unjust or double assessment through malice or illwill, or otherwise; nor allowed any company or property to escape a just assessment through favor or reward, or otherwise."

But the failure to subscribe such certificate to such record of assessments for state taxes, or any certificate, will not in any manner affect the validity of any assessment. Such record of assessments shall constitute the warrant for the Controller to collect the taxes assessed and levied upon the property and franchises mentioned in section one of this Act.

SEC. 20. The taxes assessed and levied as provided in section fourteen of article thirteen of the Constitution of this State, and in and by the provisions of this Act, shall be due and payable on the first Monday in July in each year, and one half thereof shall be delinquent on the sixth Monday after said first Monday in July at six o'clock p. m., and unless paid prior thereto, fifteen per cent shall be added to the amount thereof, and unless paid prior to the first Monday in February next thereafter at six o'clock p. m., an additional five per cent shall be added to the amount thereof; and the unpaid portion, or the remaining one-half of said taxes shall become delinquent on the first Monday in February next succeeding the day upon which they became due and payable, at six o'clock p. m.; and if not paid prior thereto five per cent shall be added to the amount thereof. *Provided*, that all taxes upon personal property when not fully secured by real property are due and payable upon assessment. When in the opinion of the State Board of Equalization any of the taxes provided for in this section are not a lien upon real property sufficient to secure the payment of the taxes, said board may direct the Controller, or his duly authorized representative, to collect the same at any time before the first Monday in August following the assessment, and the Controller may collect the taxes by seizure and sale of any property owned by the company against whom the tax is assessed.

The sale of any property so seized shall be made at public auction and of a sufficient amount of the property to pay the taxes, penalties and costs, and be made after one week's notice of the time and place of such sale given by publication in a newspaper of general circulation published in the county where the property seized is situate, or by posting of notice thereof, in said county. On payment of the price bid for any property sold, the delivery thereof with bill of sale executed by the Controller vests the title in the purchaser. The unsold portion of any property so seized, may be left at the place of sale at the risk of the owner. All of the proceeds of any such sale in excess of the taxes, penalties, and costs, must be returned to

the owner of the property sold, and until claimed must be deposited in the state treasury subject to the order of the owner, heirs, or assigns.

Within ten days after the receipt of the record of assessments for state taxes, the Controller must begin the publication of a notice to appear daily for two weeks, in one daily newspaper of general circulation published at the State capital, in one daily newspaper of general circulation published in the city and county of San Francisco, and in one daily newspaper of general circulation published in the city of Los Angeles, specifying:

1. That he has received from the State Board of Equalization the record of assessments for state taxes.

2. That the taxes therein assessed are due and payable on the first Monday in July and that one half thereof will be delinquent on the sixth Monday after the first Monday in July at six o'clock P. M., and that unless paid to the State Treasurer at the Capitol prior thereto, fifteen per cent will be added to the amount thereof, and unless paid prior to the first Monday in February next thereafter at six o'clock P. M., an additional five per cent will be added to the amount thereof; and that the remaining one half of said taxes will become delinquent on the first Monday in February next succeeding the day upon which they became due and payable, at six o'clock P. M.; and if not paid to the State Treasurer at the Capitol prior thereto, five per cent will be added to the amount thereof.

SEC. 21. The taxes levied under the provisions of this Act shall constitute a lien upon all the property and franchises of every kind and nature belonging to the companies subject to taxation for state purposes, which lien shall attach on the first Monday in March of each year. Every tax herein provided for has the effect of a judgment against the company, and every lien created by this Act has the effect of an execution duly levied against all property of the delinquent; the judgment is not satisfied nor the lien removed until such taxes, penalties, and costs are paid, or the property sold for the payment thereof.

SEC. 22. All taxes assessed and levied as provided in this Act shall be paid to the State Treasurer, upon the order of the Controller, without deduction for any taxes assessed and levied to pay the principal and interest of any bonded indebtedness mentioned in subdivision (c) of section fourteen of article thirteen of the Constitution of this State, and the amount due to the cities, cities and counties, counties, towns, townships, and districts on account of said taxes assessed and levied for such bonded indebtedness shall be paid to said cities, cities and counties, counties, towns, townships, or districts in the manner hereinafter in this Act provided.

The Controller must mark the date of payment of any tax on the record of assessments for state taxes. He must give a receipt to the person paying any tax, or any part of any tax, specifying the amount of the assessment and the tax, or part of tax, paid, and the amount remaining unpaid, if any, with a description of the property assessed; *provided*, that the receipt for the second half of the taxes may refer, by number or in any other intelligible manner, to the receipt given for the first half of said taxes, in lieu of a description of the property assessed.

Whenever any taxes, penalties, or costs collected and paid to the State Treasurer under the provisions of this Act, shall have been paid more than once, or shall have been erroneously or illegally collected, or when any taxes shall have been collected and paid pursuant to this Act upon a computation erroneously made by reason of clerical mistake of the officers or employees of the State Board of Equalization, or shall have been computed in a manner contrary to law, the State Board of Equalization shall certify to the State Board of Examiners the amount of such taxes, penalties, or costs, collected in excess of what was legally due, from whom they were collected or by whom paid, and if approved by said Board of Examiners, the same shall be credited to the company or person to whom it rightfully belongs, at the time of the next payment of taxes. No claim for such credit shall be so audited, approved, allowed, or paid unless presented within three years after the payment sought to be refunded.

SEC. 23. Any company, person, or association dissatisfied with any assessment made by the State Board of Equalization may bring an action against the State Treasurer for the recovery of any taxes, penalties, or costs paid on such assessment. But no such action may be brought later than the third Monday in February next following the day on which the taxes were due, nor unless such company, person or association shall have filed with the State Controller at the time of payment of such taxes a written protest stating whether the whole assessment is claimed to be void, or if a part only, what part, and the grounds upon which such claim is founded; and when so paid under protest the payment shall in no case be regarded as voluntary. Whenever under the provisions of this section an action is commenced against the State Treasurer, a copy of the complaint and of the summons must be served upon the Treasurer, or his deputy. At the time the Treasurer demurs or answers, he may demand that the action be tried in the Superior Court of the county of Sacramento, which demand must be granted. The Attorney General must defend the action. The provisions of the Code of Civil Procedure relating to pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for. A failure to begin such action within the time herein specified shall be a bar against the recovery of such taxes.

SEC. 24. Any corporation whose taxes are delinquent shall, immediately upon

such delinquency, if it be a domestic corporation, forfeit its charter to the State and if it be a foreign corporation forfeit its right to do business in this State. Within ten days after the first Monday in February, the Controller shall send by mail to the last known address of any company whose taxes are delinquent a notice of the amount of said taxes, penalties, and costs; and that if the said taxes, penalties, and costs are not paid on or before the first Monday in March next thereafter at six o'clock P. M., the delinquent company if it be a domestic corporation will forfeit its charter to the State, and that if the delinquent company be a foreign corporation it will forfeit its right to do business in this State.

If the taxes, penalties, and costs are not paid within the time specified in said notice, the Controller shall, on said first Monday in March at six o'clock P. M., mark on the record of assessments for state taxes opposite the assessment of the delinquent company the words "charter forfeited to the State", if the delinquent company be a domestic corporation, and if the delinquent company be a foreign corporation the words "right to do business forfeited". He shall at once report to the Secretary of State the name and number of charter of each corporation whose charter or right to do business has been forfeited for non-payment of taxes, and the Secretary of State shall at once report the same to the Governor. The Governor shall forthwith issue his proclamation, declaring that the charters of such domestic corporations have been forfeited and the right of such foreign corporations to do business in this State has been forfeited. Said proclamation shall be filed immediately in the office of the Secretary of State, and the Secretary of State shall immediately cause a copy of said proclamation to be published in one issue of one daily newspaper of general circulation published at the state capital, of one daily newspaper of general circulation published in the city and county of San Francisco, and of one daily newspaper of general circulation published in the city of Los Angeles. The Secretary of State shall thereupon transmit a certified copy of the proclamation to each county clerk in this State, who shall file the same in his office. Any such corporation making subsequent payment of all taxes, penalties, and costs due the State, and in addition thereto an amount equal to the taxes levied under this Act for the year in which such forfeiture occurred, for each year subsequent to such forfeiture and to the time of such redemption shall be relieved of such forfeiture, and the Secretary of State shall annually on the first Monday in April transmit to the county clerk of each county in this State a list of the corporations so paying, and which have been relieved of such forfeiture, which list shall be by said county clerk filed in his office.

The Controller may, within sixty days after the first Monday in March, bring an action in a court of competent jurisdiction in the county of Sacramento in the name of the people of the State of California, to collect any delinquent taxes, together with any penalties, or costs, which have not been paid in accordance with the provisions of this Act and appearing delinquent upon the record of assessment for state taxes hereinbefore in this Act provided for. The Attorney General must prosecute such action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for. In such action a writ of attachment may be issued, and no bond or affidavit previous to the issuing of said attachment is required. Whenever the State Board of Equalization is satisfied after investigation that any county assessor, or board of equalization, has assessed any real estate belonging to any bank above its full cash value and has thereby unjustly reduced the amount of taxes due the State from said bank, the State Board shall, under such rules of notice to the clerk of the board of supervisors of the county affected thereby as the said State Board shall deem reasonable, equalize the assessed value of such real estate and shall upon completion of said equalization issue an order to said assessor or board of equalization and to the county auditor of the county in which said real estate is located, fixing the assessed value of said real estate. city, or district in which said real estate is located, fixing the assessed value of said real estate. A copy of the order certified by the secretary of the State Board of Equalization shall be prima facie evidence of the regularity of all proceedings of the board resulting in the action which is the subject matter of the order.

SEC. 28. Each county, city and county, city, and district assessor must segregate on his assessment roll, as directed by the State Board of Equalization:

1. The assessments made by the State Board of Equalization, and apportioned to the county, city and county, city, town, township, or district, upon the franchise, roadway, roadbed, rails and rolling stock of all railroads operated in more than one county in this State under the provisions of the Political Code as the same existed and were in force on the seventh day of November in the year one thousand nine hundred and ten; and

2. The assessments made by said assessors of any other property enumerated in subdivision (a), (b), and (d) of section fourteen of article thirteen of the Constitution of this State, which is located in the county, or city and county, or any city, town, township, or district in which it is subject to taxation for paying the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township, or district prior to the eighth day of November in the year one thousand nine hundred and ten, as provided in subdivision (c) of section fourteen of article thirteen of the Constitution of this State.

Immediately upon completion of the assessment and equalization of property for the purposes of taxation in each year the auditor or clerk of each county, city and county, city, town, or district must transmit to the State Board of Equalization a duplicate of that part of the assessment roll containing the assessments and apportionments referred to in paragraphs one and two of this section.

Whenever the State Board of equalization is satisfied after investigation that any county, city, or other assessor, or board of equalization, has assessed for taxation to pay the principal and interest of any bonded indebtedness created and outstanding by any county, city and county, city, town, township, or district prior to the eighth day of November in the year one thousand nine hundred and ten, as provided in subdivision (c) of section fourteen of article thirteen of the Constitution of this State, any of the property taxed exclusively for state purposes as provided in subdivisions (a), (b), and (d) of section fourteen of article thirteen of the constitution of this State, or has assessed for purposes of county, city and county, city, or district taxation the property other than the franchise of any company taxable for a franchise under subdivision (d) of said section and article of the Constitution, above its full cash value and has thereby unjustly reduced the amount of taxes due the State on such property, said State board shall, under such rules of notice to the clerk of the board of supervisors of the county, or city and county, or to the city clerk of the city, affected thereby as the board shall deem reasonable, equalize the assessed value of such property, and shall issue an order to said assessor or board of equalization and to the county or city auditor or clerk of the county, city and county, city, or city in which the property is located, fixing the assessed value of such property. The value so equalized and assessed, and no other, shall be deemed the value of said property, and its assessment for taxes levied to pay the principal and interest of any such outstanding bonded indebtedness, and in the case of companies taxable for a franchise under said subdivision (d) of said section and article of the Constitution shall be deemed the value of the said property, and its assessment for taxes for county, city and county, municipal and district purposes.

When making the tax levy and fixing the rates of taxation for county, city and county, city, town, township, or district purposes, the board of supervisors of any county, or city and county, and the corresponding authority in any city, having bonded indebtedness issued and outstanding on the eighth day of November in the year one thousand nine hundred and ten, shall fix the tax rate for such bonded indebtedness separate and apart from all other tax rates, whether for subsequent bonded indebtedness or for other purposes.

The county, city and county, or city auditor or clerk shall extend on the assessment roll against the assessments segregated as herein provided, the taxes necessary to pay the principal and interest of said bonded indebtedness at the same rate as said taxes for payment of principal and interest of said outstanding bonded indebtedness shall be levied upon the other classes of property within the same county, city and county, city, town, township, or district, and the amount of each such taxes shall be certified by said auditor or clerk to the Controller and the amount so certified shall then be credited by the Controller to the county, city and county, city, town, township, or district to which it is due; and said amount shall be paid by said Controller to the Treasurer of such county, or city and county as provided in section twenty-nine of this Act, and upon such payment said Treasurer shall forthwith certify such fact to the tax collector who shall thereupon mark upon the assessment roll the date of payment and the words "paid by the State Treasurer," and pro-

vided, further, that the city clerk or auditor shall in the certificate mentioned in this paragraph also state the date when taxes in such city shall become delinquent.

Sec. 29. The Controller shall out of the taxes collected by him as provided in this Act credit to the fund created by an Act of the thirty-ninth session of the Legislature entitled: "An Act appropriating money for the purpose of payment of that part of the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township or district on the eighth day of November in the year one thousand nine hundred and ten, which is provided for in section fourteen of article thirteen of the Constitution of this State, and as provided in an Act of the thirty-ninth session of the Legislature entitled 'An Act to carry into effect the provisions of section fourteen of article thirteen of the Constitution of the State of California as said Constitution was amended November 8, 1910, providing for the separation of state from local taxation, and providing for the taxation of public service and other corporations for the benefit of the State, all relating to revenue and taxation,' the money due to each county, city and county, city, town, township, or district on account of taxes to pay the principal and interest of bonded indebtedness created and outstanding on the eighth day of November in the year one thousand nine hundred and ten." The Controller shall in the months of October and March in each year settle with the treasurer of each county and city and county for the money collected by him under this section in the same manner as settlements are made between the county or city and county treasurers and the Controller as provided for in section three thousand eight hundred and sixty-six of the Political Code. The Controller shall at the same time settle with each city for the moneys due such city for the purposes mentioned in this section, and when ready for such settlement notify the city treasurer of the amount of money due the city for said purposes, and that upon receipt of proper authority so to do, he will forward to said city treasurer a warrant for the amount due, provided, however, that upon receipt of notice from any such city treasurer that any bond issue matures for principal or interest before the date of such settlement, which notice shall state the amount thereof due from the State and the date of maturity, and that said amount due from the State is required in order to pay the same, the said Controller must, before said date of maturity, forward his warrant to such city treasurer in the manner above provided for the amount ascertained by him to be due.

An excess paid by the Controller to a county, city and county, city, town or district, over and above the State's share of the amount actually expended by such county, city and county, city, town, or district, to pay the interest and principal of said bonded indebtedness in any year, shall be repaid to the State in such manner as the Controller shall direct. The word "district" as used in this section shall include road districts and school districts but none other.

Sec. 30. Until the year one thousand nine hundred and eighteen the State shall reimburse any and all counties which sustain loss of revenue by the withdrawal of railroad property from county taxation for the net loss in county revenue occasioned by the withdrawal of railroad property from county taxation in the manner, at the times, and in the amounts specified in an Act of the thirty-ninth session of the Legislature entitled "An Act to provide for the reimbursement of counties in this State which sustain net loss of revenue by the withdrawal of railroad property from county taxation, under the provisions of section fourteen of article thirteen of the Constitution of this State."

Sec. 31. The provisions of section three thousand eight hundred and seventy-six of the Political Code shall not apply to the settlements made with the State treasury under sections twenty-nine and thirty of this Act, but the county board of supervisors may if it deem necessary allow the county treasurer the actual expenses incurred in collecting the money due the county from the State.

Sec. 32. The board of supervisors of each county shall in the month of September of each year determine the amount of loss to each district in the county where loss is occasioned in such district by the withdrawal from local taxation of property taxed for state purposes only, and in the month of December next thereafter shall reimburse such district from the general funds of the county for one half of such loss, and in the month of May next thereafter shall reimburse such district from the general fund of the county for the remaining one half of such loss. The word "district" as used in this section shall apply to and include municipalities of every class, school, library, road, reclamation, irrigation, protection, storm water, levee, lighting and sanitary districts, and any other district organized or existing, which under the provisions of any law of this State exercises or is empowered to exercise any of the functions of a municipal, quasi-municipal or public corporation.

SEC. 34. Nothing in this Act shall be construed as repealing any laws in force prior to the eighth day of November in the year one thousand nine hundred and ten, relating to taxation, in so far as said laws may be necessary for the assessment, levy, and collection of state, county, city and county, municipal or district taxes, or in so far as said laws may be necessary for the assessment, levy and collection of the taxes provided for in section twenty-two of article four of the Constitution as amended on the eighth day of November in the year one thousand nine hundred and ten, or in so far as said laws may be necessary for the assessment, levy and collection of the taxes for state purposes, on all the property in the State, not exempt from taxation, to meet a deficiency in the revenues for the support of the state government, or to pay the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township, or district, both as provided in subdivision (c) of section fourteen of article thirteen of the Constitution as amended on the eighth day of November in the year one thousand nine hundred and ten.

PETITIONS.

The President of the Senate presented the following petition, which was ordered printed in the Journal:

To the President of the Senate:

WHEREAS, The viticultural interests of this State rank as the fourth largest industry therein created; and

WHEREAS, Table grapes, raisins and wine can be produced as cheaply, in as large a quantity, and of the best quality on lands unsuitable for any other purposes; and

WHEREAS, Large tracts of such lands, heretofore assessed at a nominal figure of \$1.25 per acre are now planted to vines which have increased the assessed valuation from this insignificant sum of \$100 and more per acre, thus bringing a largely increased revenue to the State; and

WHEREAS, There are now over 250,000 acres in vines in this State, most of said acres being practically useless for other purposes; and

WHEREAS, Efforts are now being made to create a sentiment, which if allowed to go unchecked, would result in the depreciation of the value of the properties already improved and practically wipe out the result of years of labor and investment of nearly \$125,000,000, and work a great injury to the people of the State of California; now, therefore, be it

Resolved. By this, the State Board of Agriculture, that we strongly recommend the encouragement of the viticultural industry in this State, and that we look with positive disfavor upon the enactment of any legislation, either by the Federal Government or State Legislature, or by any counties of this State, that would discourage this most important industry, which is destined, if encouraged and fostered, to be the greatest industry of the State; and further be it

Resolved. That the secretary of this board be instructed to transmit copies of these resolutions to the Honorable the President of the Senate of the Legislature of this State, and the Honorable the Speaker of the Assembly of the Legislature of this State, with the request that earnest consideration be given thereto by the members of the Legislature of this State.

SENATE JOINT RESOLUTION No. 20.

Relative to the protection of the water supply of the Imperial Valley and the action of the United States Government and the Mexican Government in relation thereto.

WHEREAS, The United States Government heretofore authorized the putting in of a weir in the Colorado River to aid in the diversion of water into the intake of the canal which supplies water to the Imperial Valley situated in Imperial County in this State; and

WHEREAS, We are informed that the War Department has ordered the removal of this weir on twelve hours notice; and

WHEREAS, There exists at the present time a serious condition of disorder in said territory of Lower California, and particularly in the immediate vicinity of the said canal and said heading; now, therefore, be it

Resolved, That the Senate and Assembly of this State jointly urge upon the Federal Government the necessity of delay in the removal of the said weir in the Colorado River until proper investigation can be made as to the effect of such action upon the said Imperial Valley; and be it further

Resolved, That the Federal Government be requested to take such steps within its power as are necessary to the protection of the water supply of the Imperial Valley

SENATE JOINT RESOLUTION NO. 18.

Relative to the rights of San Francisco and the cities surrounding San Francisco Bay in and to the use of the waters of Tuolumne River for domestic and municipal purposes.

WHEREAS, The cities surrounding and adjacent to the bay of San Francisco began as early as the year 1871 to plan for and seek out an adequate and available source of supply of pure mountain water for their municipal and domestic needs; and

WHEREAS, After careful investigation and as a result of almost continuous effort from the year 1871 until the present time, these municipalities, by their own action and by that of the city of San Francisco as representative of all, have selected and secured the Hetch Hetchy and Lake Eleanor reservoir sites as the most adequate and feasible sources of supply; and

WHEREAS, These reservoirs are capable of storing pure mountain water, from the uninhabited and barren granite water sheds of the high Sierras in quantities sufficient for the present and future needs of these large and rapidly growing cities; and

WHEREAS, The honorable Secretary of the Interior, being by the honorable Attorney General of the United States first regularly advised that such action on his part would be legal and valid, granted to the city of San Francisco full and as representative of said municipalities full reserve rights at Hetch Hetchy and at Lake Eleanor, and by reason of and based upon this grant San Francisco has purchased at a cost of over \$565,000.00 all private lands and water rights in these reservoirs and owns under patent more than one half the area of each reservoir, and is about completing incidental purchases of additional privately held lands and lands for \$635,000.00; and

WHEREAS, The Hetch Hetchy and Lake Eleanor sources of supply were secured and a bond issue of \$15,000,000.00 for their development authorized by the city of San Francisco by a vote of more than twenty to one; and

WHEREAS, Certain well meaning people, misled by great private interests which would be adversely affected by municipal ownership of such water supply, have actively attacked the grant of the Hetch Hetchy reservoir site; and

WHEREAS, The present Secretary of the Interior, under protest of these people, has threatened to attempt to revoke the grant of the Hetch Hetchy site; and

WHEREAS, Such official action is tending to encourage and entourage, and strengthen the forces of private and corporate greed in their opposition to the development by the municipalities of this necessity of municipal existence, and to increase the burden of taxation which must fall upon the citizens of the municipalities by the enforced purchase of rights to water supplies already granted to these private corporations; and

WHEREAS, This action seriously impairs the market value of the city's municipal bonds and discourages the purchase thereof, thereby impairing the credit and standing of said municipality; now, therefore, be it

Resolved by the Senate and Assembly, jointly: That it is the sense of the Legislature of this State that the rights of the said city and county of San Francisco and the incidental rights of neighboring cities or counties to the use of said waters and reservoir sites should be protected and confirmed, and that the said city and county should be permitted to develop its proposed water supply with the cooperation and support of the Federal authorities, and be it further

Resolved, That the President of the United States is hereby petitioned to withdraw all opposition by the executive departments to the full enjoyment of such rights and to permit the development of said water supply under the terms of the grant of the Secretary of the Interior dated May 11, 1908, and be it further

By Senator Caminetti:

WHEREAS, It is reported that the draft of the new treaty between the United States and Japan, sent to the United States Senate the 21st instant by the President of the United States, omits all restrictive features concerning the coming of Japanese laborers to the United States; and

WHEREAS, The Senate of the State of California, relying in good faith upon the assurances from official sources given to the people of the State during the last four years that the immigration to this country of such laborers was precluded by a "mutual agreement" between our Government and that of Japan, and that the latter nation was as anxious to retain, as we were to exclude them, patriotically and patiently, observed calmness pending negotiations for a new treaty; and

WHEREAS, This Senate notes with sincere regret the omission from said treaty of such protective measures as are vitally necessary to the interests of California and the welfare of its citizens; or, in lieu thereof, of such provisions therein continuing in force the said "mutual agreement," which has in the past been referred to by the Federal authorities as our shield and protector; and

WHEREAS, Our people have been led to believe and to hope that there would be no surrender of our rights in the premises; and

WHEREAS, It further appears that even the protective features of the present treaty with Japan, relating to immigration matters, are omitted in the new draft, therefore, be it

Resolved, That the Senate of the State of California earnestly urges the President of the United States to withdraw said treaty from further consideration by the Senate of the United States; be it further

Resolved, That we appeal to the Senate of the United States, in the name of the people of the State of California, to withhold and refuse its assent, to a compact fraught with so much danger to our citizens, to our industrial development and to our civilization; be it further

Resolved, That our Senators in Congress be instructed, and our Representatives in Congress requested, to use all honorable means to prevent the ratification of said treaty; be it further

Resolved, That the Governor be requested to immediately telegraph a copy of these resolutions to the President, the respective houses of Congress and to our Senators and Representatives in Congress.
